# Key Points

03/02 – 03/08

## Thursday-Friday

- Dry weather. A few streams, creeks, and some main stem rivers will continue running high. No new weather or water hazards expected at this time.

## Saturday-Monday

- Another round of valley rain and mountain snow will cause travel impacts over passes in central and northern CA. Additional localized flooding possible on top of what is already occurring.
- Gusty winds across much of the state on Saturday and Sunday may cause travel difficulties

## Tuesday-Wednesday

- High uncertainty at this time whether central and northern CA will remain in a wetter pattern or turn back to a dry pattern
